PRESIDENT'S FAREWELL MESSAGE

Jeanne Baumann

On behalf of the graduating class of 1978, I would like to recite a poem by Felica Mancini, which conveys our feelings for you.

Sometimes not often enough we
reflect upon the good things,
and those thoughts always center
around those we love.

And we think about those people
who mean so much to us.
And for so many years have
made us so very happy.

And we count the times we have
forgotten to say "Thank you" . . .

And just how much we love them.

You have helped us develop into what we are now. You were there when we needed you, whether it was for a problem in school or something more personal. You supported us, gave us confidence, helped us grow.

As we leave tonight to venture into the world, we know you will still be here if we need you. We will make mistakes but the confidence you have shown will help us succeed in whatever we choose to do or be.

Thank you for caring!
